

Rugged computer reference list

Camdata and Microscribe products shipped into difficult environments (from a total of over 50,000 since 1984)

Product	Industry	Application	Quantity
Stainless steel PCs	Abattoirs	QC system	45
Rugged handhelds	Aerial photography	Control of aircraft cameras	240
Rack-mount terminals	Aerospace	Airport landing light control MMI	5
Rugged PCs	Automotive	Production line	6
Rugged handhelds	Catering	Stock taking	120
Stainless IP65 PCs	Food	Sandwich production	4
Rugged terminals	Industrial machinery	SFDC system	17
Rugged terminals	Leisure	Waterproof entry terminals	450
Custom terminals	Logistics	Parcel routing	12
Handheld terminals	Marking	Ink jet machine control	2100
Stainless steel terminals	Meat production	Kill line QC	380
Rugged laptops	Military	Frontline comms diagnostics	11
Rugged terminals	Military	Mortar range finding	280
Rugged Computers	Military	"Identify Friend or Foe" system	45
Stainless IP65 PCs	Oil and gas	QC on pipelaying vessel	6
Custom terminals	Oil and gas	Rig platform cabins	35
Stainless steel PCs	Oil and gas	Rig platform cabins	5
Stainless steel terminals	Perfume manufacture	Production line control	22
Stainless steel PCs	Pharmaceutical	Clean room computers (SAP)	10
Custom keypads	Power Generation	Ferrybridge C	4
Rugged terminal design	Power Generation	Gas turbine control panel	120
Custom Keyboards	Power Generation	CEGB research labs	2
Custom Keyboards	Power Generation	National Power	2
Custom Motherboards	Power Industry	Front End processors	55
Rugged monitors	Prison	MMI for prisoners	10
Rack-mount terminals	Railways	Signalling displays	2
Operator terminals	Semiconductor	Clean room MMI	92
Rugged computers	Supermarkets	Freezer control systems	500
Rugged computers	Textiles	Control of looms	1300
Rugged handhelds	Traffic control	Setting up traffic lights	240
Rugged computers	Tunnel boring	Control of direction	30
